History: With the vigorous housing development at the UBC Vancouver campus, more and more people are now residing on campus. Since March 2009 a few Chinese Christian couples began to explore the possibility of starting a church to serve and to share the gospel of Jesus Christ to the growing Chinese population here at UBC. We now have a core group of seven Christian couples, committed to work together to further the cause of God's kingdom by reaching out to the Chinese people living on and around UBC campus. We have been gathering together twice a month on Tuesday evening, and the planned first Sunday morning service was on Nov. 1, 2009 using the classroom & facilities at Carey Centre.

Vision/Mission: Church planting on the UBC campus & Gospel outreach in the campus community.
